

## **ARDUINO RESOURCES**

### **ARDUINO HOMEPAGE** – [www.arduino.cc](http://www.arduino.cc)

The homepage of Arduino development. This page contains links to the primary Arduino forum.

### **ARDUINO IDE DOWNLOAD** - <https://www.arduino.cc/en/Main/Software>

The basic development environment for changing the program on your Apollo control system. This free download will allow you to customize your robot's behavior.

### **VISUAL MICRO FOR VISUAL STUDIO** - <http://www.visualmicro.com/>

For advanced users, the combination of Visual Studio with the Visual Micro Plugin is a much better option for development than the basic IDE. This combination provides advanced development options such as code-completion and full color-coding.

*\*Please note these resources are not maintained by Higher Order Innovation. We will do our best to keep this list updated with the most current and useful Arduino resources that we have found.*
